Advances in Reading Enlivened the Share Market.

Richmond Terminal and Tennessee Iron Reorganization.

Additional Sugar Trust Stock Admitted to Dealings.

Wall STREET, Monday, March 14 .- The week opened with a rather sluggish movement in stocks. Prices started off at a lower range, but the bulls took hold of Reading, and by marking it up rapidly from 57% to 58%, intused life into the whole list. The Richmond Terminals advanced sharply, but mond Terminals advanced sharply, but

After midday speculation broadened out a Cotton Oil, Western Union, N. Y., Sus. & Western and others were taken freely at materially higher figures.

Tennessee Coal & Iron enjoyed a spurt on the announcement that the consolidation been perfected. The new Company is to have capital of \$17,000,000 comm

a capital of \$17,000,000 common stock and \$1,000,000 preferred, of which \$1,000,000 common is to remain in the treasury. This is \$2,000,000 less than the joint capital of the old concerns. In addition the Tennessee Coal & Iron has \$5,000,000 and the De Bardeleben \$2,000,000 bonds outstanding.

Bales of stocks up to noon were 169,000 chares, of which 97,000 were Reading.

The reported loss of the Pacific Mali steamship Colima, and the subsequent despatches that the vessel would be saved after all, falled to affect that stock. Not a sale had been recorded up to 1 o'clock.

Kuhn Loob & Co., of this city, have purchased the remaining \$2,500,000 of the Pennsylvania road's \$20,000,000 4½ per cent.

1t is stated that the old Richmond and Danville party will take charge of the Richmond Terminal Reorganization. Vice-President Oakman will succeed Mr. Inman as president, the latter, it is said, having parted with his interest in the Terminal Company. There is no truth in the rumored a liance between the Terminal and Baltimore and Ohio or between the Reading and Nortoik and Western. The new syndicate in Terminal consists of the First National Bank party, Winalow, Lanier & Co., J. S. Kennedy & Co. and others.

The sugar market was strong and prices have been further advanced 1-16 of a cent on standard granulated and soft of a cent on standard granulated and soft grades.

The afternoon trading at the Stock Exchange was quiet outside of Reading, which receded to 57% on enormous dealings. American Sugar Refining ruled strong notwithstanding an alleged denial from Philadelphia that the Harrison Fraxier Mennery had passed into the control of the Sugar Trust. American Cotton Oil was also strong, selling up 2 to 3714 and the preferred 1 to 7114. Tennessee Coal & from rose to 49% and the preferred to 105 bid.

The Stock Exchange has admitted to dealings \$12,500,000 additional common and \$12,500,000 additional preferred stock of the American Sugar Refining Company.

The Treasury Department to-day purchased 395,000 ounces of the 585,000 ounces offered paring 90.45 a 90.55.
